# North Iowa School Bus Policy

---

## Safety

**Safety** is the primary concern for every child that rides a North Iowa Community School bus or small vehicle. Therefore, every precaution will be taken to make sure each child arrives at their destination safely. This can only be accomplished if we have the cooperation of both student and parent.

Driving a school bus is difficult and demanding task. The attention of the driver must be on the driving task at all times, deviation from this task could endanger the safety of all passengers. It is absolutely necessary that students assume responsibility for their behavior, and any infractions of procedures necessary for the safe transportation of students be reported immediately to the appropriate supervisor/principal.

The following guidelines will be used to ensure the safe and efficient operation of our buses.

## Elementary Students

If an elementary student is to leave school by means other than his/her regular arrangement, a note to the teacher and driver from the parent will be necessary. The note should explain where the child is to go and how she/he is going to get to that location.
